

Continued Advocacy at the State Level

ENGAGING STATE LEADERS ON RURAL HEALTHCARE PRIORITIES

We hosted State Senator Susan Manchester on January 30 for a discussion on pending healthcare legislation and its impact on rural communities. As a member of the Health Committee, Senator Manchester offered valuable perspective while learning more about our priorities.

These ongoing conversations are essential to ensuring rural healthcare providers have a voice in shaping policy, and we look forward to continued collaboration with state leaders.

(L to R) VP of Patient Care Services/CNO Kim Freeman, VP of Marketing & Business Development Terri Flood, VP of Financial Services/CFO Nicole Gillespie, State Senator Susan Manchester, President & CEO Jeff Subler and surgeon Dr. Alisha Reiss

Learning. Leading. Advancing Care.

BRINGING BACK THE LATEST INSIGHTS FROM TOP INDUSTRY EVENTS

Through conferences and collaboration, our team brings back the latest insights from top industry events to strengthen care for our community.

American College of Healthcare Executives (ACHE) Congress on Healthcare Leadership

Jeff Subler, President & CEO, and Derek Mayberry, VP of Operations, attended the American College of Healthcare Executives Congress on Healthcare Leadership. The conference provided tailored education for healthcare leaders, real-world strategies to address today's most pressing challenges, innovative solutions that drive organizational impact, networking opportunities, and motivation and insights to elevate your team.

American Hospital Association (AHA) Rural Health Care Leadership Conference

Terri Flood, VP of Business Development and Marketing, along with Adam Koontz and Brittnay Bourgeois, presented at the AHA Rural Health Care Leadership Conference to discuss advancing age-friendly care in rural communities. In rural communities, addressing social drivers of health alongside clinical care is critical to sustaining access and long-term well-being.
