

ACCEPTED INSURANCE PLANS

Effective 1/1/2025

As part of our commitment to providing quality care, Wayne HealthCare has transitioned from an acute care hospital to a Critical Access Hospital (CAH). This change allows us to better serve our community while ensuring that patients have access to essential services. This transition has an impact on your financial responsibility if you have Medicare insurance. Costs for Medicare can vary, depending on you coverage and services. Withouth supplemental coverage, there is no yearly limit on your out-of-pocket expenses. We highly recommend considering a Medicare Supplement Insurance (Medigap) policy or enrolling in a Medicare Advantage Plan to help cover additional costs and protect yourself from high out-of-pocket expense. For more information, call Wayne Healthcare Patient Financial Services at (937)-547-5770.
