

STOP

COVID-19 VISITOR RESTRICTIONS

- **No visitation (with exceptions)**

- Exceptions - allowing for 1 visitor - may be made for:
 - Active labor and delivery
 - End-of-life care
 - Life-threatening situations
 - Emergency surgeries
 - Special needs
 - Minor patients (18 and under)

All visitors will be screened daily and allowed in only if they appear healthy and have no symptoms of illness, including respiratory or fever. All visitation is at the discretion of the attending provider.

Visitor restrictions exist to protect our patients and ensure their wellbeing, safeguard our hospital workforce, and limit the community spread of COVID-19.
